		<b>Trauma and Stressor Related Disorders</b>			
		Posttraumatic Stress Disorder	309.81	F43.10	
		<b>AND</b>			
YES	NO	<b>3. Disability (Please circle domains with impairments)</b> Clear evidence of functional impairment in two or more of the following domains: <ul style="list-style-type: none"> <li>• <b>Societal/Role Functioning:</b> Functioning in the role most relevant to his/her contribution to society and, in making that contribution, how well the person maintains conduct within societal limits prescribed by laws, rules and strong social mores.</li> <li>• <b>Interpersonal Functioning:</b> How well the person establishes and maintains personal relationships. Relationships include those made at work and in the family settings as well as those that exist in other settings.</li> </ul>			

		<ul style="list-style-type: none"> <li>• <b>Daily Living/Personal Care Functioning:</b> How well the person is able to care for him/herself and provide for his/her own needs such as personal hygiene, food, clothing, shelter and transportation. The capabilities covered are mostly those of making reliable arrangements appropriate to the person's age, gender and culture.</li> <li>• <b>Physical Functioning:</b> Person's general physical health, nutrition, strength, abilities/disabilities and illnesses/injuries.</li> <li>• <b>Cognitive/Intellectual Functioning:</b> Person's overall thought processes, capacity, style and memory in relation to what is common for the person's age, gender, and culture. Person's response to emotional and interpersonal pressures on judgments, beliefs and logical thinking should all be considered in making this rating.</li> </ul>
		<b>AND</b>
<b>YES</b>	<b>NO</b>	<b>4. Duration (Please circle at least one duration condition)</b> One or more of these conditions of duration: <ul style="list-style-type: none"> <li>• Clinically significant symptoms of mental illness have persisted in the individual for a continuous period of at least 2 (two) years.</li> <li>• The individual has been hospitalized for mental illness more than once in the past 2 (two) years.</li> <li>• There is a history of one or more episodes with marked disability and the illness is expected to continue for a two-year period of time.</li> </ul>

This individual meets the criteria for the designation of Serious Mental Illness (SMI). Documentation of the existence of these criteria of Age, Diagnosis, Disability and Duration is present in the individual's medical record and assessment has been conducted by a qualified, licensed behavioral health professional.
