Wraparound Fidelity Index – Short Version (WFI-EZ)		Gruen-Kidd, Diane	(502) 782-6165	Diane.Gruen-Kidd@ky.gov	The WFI-EZ is a measure of fidelity to wraparound principles that is less burdensome than the full WFI interview protocol. The forms consist of four sections: Basic information, experiences with wraparound, satisfaction with services, and perception of outcomes. These items can be completed by the respondents either by phone interview or online.	Children and youth (up to age 21) with SED who are receiving High Fidelity Wraparound	Kentucky Partnership for Families and Children, Inc. (KPFC) employs family interviewers who contact youth, families, and other wraparound team members to introduce the interview. Interviews may be completed online or by phone.	Six (6) month cycles	Data will be entered into WrapStat by KPFC family interviewers and, analyzed by National Wraparound Implementation Center (NWIC), Wraparound Evaluation and Research Team (WERT), and DBHDID staff.
Coaching Observation Measure for Effective Teams (COMET)		Gruen-Kidd, Diane	(502) 782-6165	Diane.Gruen-Kidd@ky.gov	The COMET is a practice-level implementation tool utilized by supervisors and coaches to assess Wraparound practitioners' mastery of the skills necessary to ensure a high fidelity and quality Wraparound process. Scores are used by NWIC coaches to inform coaching and skill development in coaches and local staff.	Children and youth (up to age 21) with SED who are receiving High Fidelity Wraparound	Local coach observes face-to-face family visits and, CFTM, reviews documentation and supervision sessions, or via community visit, or call, or other. Scored by NWIC and HFW Coaches.	Once per month/ agency	Review is performed by CMHC staff and HFW Coaches as a part of supervision and coaching.
Supervisory Assessment System (SAS)		Gruen-Kidd, Diane	(502) 782-6165	Diane.Gruen-Kidd@ky.gov	The SAS is a system by which a coach assesses a supervisor's ability to collect and analyze data around staff skill sets to identify effective practice skills and linking those skills to the broader practice of wraparound		The SAS is used by NWIC and HFW Coaches to determine growth and effectiveness of supervision.	Monthly	Review is performed by National Wraparound Implementation Center and CMHC staff as a part of supervision and coaching.

Dartmouth Assertive Community Treatment Scale (DACTS) https://store.samhsa.gov/product/Assertive-Community-Treatment-ACT-Evidence-Based-Practices-EBP-KIT/SMA08-4344	https://www.mycasat.org/wp-content/uploads/2017/04/act-dacts.pdf	Cropper, Nicole		nicole.cropper@ky.gov	The DACTS (Dartmouth Assertive Community Treatment Scale) is a fidelity assessment that determines the success of the implementation of Assertive Community Treatment, an evidenced based practice, that produces improved client outcomes, including a reduction in psychiatric hospitalizations, arrests, crisis services utilization, an increase in community tenure and other client quality of life outcomes.	Adults with Serious Mental Illness (SMI) and/or Co-occurring Substance Abuse Disorders	DBHDID Adult Branch staff gather ACT data, observe ACT Team Meetings, conduct one to one interviews with agency staff such as administration, ACT Team Leaders, team members, ACT recipients, and family members.	Frequency depends on the previous reviews and the Performance Improvement Plan.	Review is performed by DBHDID Program staff.
Supported Employment Fidelity Scale (formerly known as Individual Placement & Support Fidelity Scale)	https://ipsworks.org/	Davidson, Deb		DeborahT.Davidson@ky.gov	The IPS Fidelity Scale measures implementation of the Individual Placement and Support (IPS) model of supported employment for people with severe mental illness. Studies have suggested its effectiveness in assisting people gain competitive employment (Drake, 1998). Preliminary data suggest that the IPS Fidelity Scale differentiates IPS from other types of vocational programs	Adults with Serious Mental Illness (SMI) and/or Co-occurring Substance Abuse Disorders. The model is currently being researched for use with transition age youth. KY is participating as a pilot site in the research grant.	Assessments provided by DBHDID and/ or their contracted agents.	Technical Assistance may be provided for SE programs by DBHDID or their contracted agents (UK- Human Development Institute).	DBHDID and/ or contracted reviewers complete reviews with CMHC Providers also collecting data and outcomes related to IPS SE through the Department Periodic Reporting Process.
